Happy 25th Birthday!

Here we go, heading into a new decade, and the 25th Anniversary of the Melbourne City U3A!

We have a new Committee, and many plans for future directions. Thank you for your confidence in voting me in as President: I shall enjoy the challenge.

The 25th Anniversary is very important: it is a long time to have flourished in the City, and to be still going strong. We hope to be able to celebrate this anniversary all year, with a variety of activities. More news of this as plans are made!

But there is a challenge for every one of you as members in 2010!

The name U3A is not as widely known and understood as it should be after 25 years. (*We have been asked if it's a radio station...*) There is misunderstanding about the word 'university' and also about 'Third Age' (nothing to do with the Age of Aquarius...). Each one of you, as a member, can be an ambassador in this regard. YOU know that 'university' is used in the ancient way - a group of scholars who gather around a teacher or guru to discuss, argue, learn and teach; nothing to do with degrees, graduations and getting a job... and that 'third age' is that long phase of active retirement which acknowledges the fact that many older people have a lifetime of knowledge to share in teaching and learning.

One idea for this year is to have a public lecture series around issues and ideas that inspire. Who do you know who could provide an interesting and stimulating talk? With over 800 members out there, there must be some good suggestions and connections. We'd like to hear about them!

If you have an idea, please put your suggestion/s into the box in the office and please include your name, contact details, plus a bit of an explanation if you are putting forward a name/subject.

All the best to everyone for a very Happy New Year in 2010.

"Staying Sharp".

They say that age is all in your mind. The trick is keeping it from creeping down into your body.
-Author Unknown

The Committee of Management meets monthly, generally on the last Wednesday of the month. The minutes of meetings can be found on our website or in the office. If you have a matter you want the Committee to discuss, please put it in writing addressed to The Secretary, c/- the office.

The President says it all in this issue of the News: this is a big year for U3A Melbourne City.

And we at Melbourne City can be especially proud: our campus spawned every U3A across this wide brown land. This is a celebration for the whole country.

Since 1985 U3A has reintroduced tens of thousands of women and men to the pleasures of learning and the benefits of staying sharp, physically and mentally, well into our seniority. (Governments – at all levels – call it “Positive Ageing”. We think “**Staying Sharp**” is more positive.)

Whatever your preference, U3A *is* Positive Ageing ... at work.

So it shouldn't be one of Melbourne's best-kept secrets. And this jubilee year we plan to promote it to a wider audience. Part of that push is the device we've run up (*see U3A button on left*).

This year we'll be out to show what U3A does to help seniors **stay sharp**. And we're asking governments (so anxious about ageing people, remember) to help us do it.

So stay tuned. 20TEN promises to be a BIG year for U3A, the universities that offer no degrees, no diplomas, no Chairs of this or that and no gowns or mortar boards. But that also get no generous endowments from wealthy benefactors, either.

This year let's hear it for U3A. Let's celebrate its continuing and increasingly important role in keeping us sharp physically, mentally and socially. And let's excite and invite a flood of new student friends to our youthful association. That will be something to celebrate, won't it?

Tony Miles

2010 Life Members

Latest Life Members profiled:

Three new Life Memberships were awarded in 2009. The recipients were all deemed to have given outstanding service of one kind or another to U3A City of Melbourne during their membership. Here is a little background about each, contributed by Helena Ling & Anne Riddell.

Ailsa Miles is one of the most dedicated volunteers our U3A has ever had. She joined in 1999 and began working in the office once a week. Ailsa managed the duty roster, maintained the membership and tutor lists, prepared and maintained class folders and rolls. She monitored and purchased office supplies and mentored new office volunteers.

Ailsa was elected to the Committee of Management in 2002, and to the position of Secretary in 2003, serving in this role until the end of 2008. She ensured the activities of the Committee and the organisation complied with the Rules of Association with meticulous attention to detail. Another job of the Secretary at that time was to type up the material for *City News*, and to organise the newsletter's printing and distribution. Ailsa carried this significant responsibility until the end of 2006, when a dedicated Newsletter Editor was appointed.

In 2005, Ailsa became de facto office manager, responsible for coordinating all the activities of the office in addition to her duties as Secretary and newsletter coordinator. She played a major role in organising and implementing the office move from RMIT to Ross House in Dec 06/Jan 07.

Ailsa continued as Secretary to the Committee until late 2008 and as a valuable Committee member and office administrator until mid-2009, when ill health forced her resignation.

She is sorely missed by all who know her.

Eva Meredith joined U3A in 1988 and has been an active and hard-working contributor to all facets of the organisation; as an office-bearer, committee member, group leader, office volunteer and administrator.

She served the Committee for a total of eight years, including four years as Treasurer and one as Vice President.

Eva served on the Ross House Committee of Management from 2005-2007, serving on a number of its sub-committees, and becoming its Chair Person in 2008.

Since 2005 Eva has handled the booking of Ross House rooms to accommodate most of our yearlong and short courses, a complex and often frustrating task which requires great attention to detail. Over the past five years she has also played a key administrative role in the office in

relation to the volunteering roster, procedures, enrolments, and training of new volunteers.

Eva now believes it is time to step back from this high level of involvement, but will continue as a regular office staffer and as group leader of the Advanced Italian class. Ten years ago Eva took on this role when the tutor resigned and the class moved to the Adult Education Association. In 2004 she was instrumental in organising the merger of the AEA and U3A City and so the class reverted to U3A with her as group leader.

It is testament to her commitment that several volunteers will be required to take over parts of her overall workload.

John Besley joined U3A City of Melbourne in 1996 as tutor of a short course in Economics.

He was nominated for the Committee the following year, becoming Vice President the year after, and then President from 1999 to 2004, a period of six years. He was a Committee member from 2005 to 2008 and then agreed to accept a second term as President in 2009.

During his presidency, a number of significant events took place for which John provided leadership, steering the organisation to desired outcomes and improving our standing within the community. These included our 15th and 20th anniversary celebrations, joining the U3A Network, amalgamation with Adult Education Association Inc., negotiations with RMIT, signing of a Memorandum of Understanding and move to RMIT.

Concurrent with his presidential and committee responsibilities, John has tutored a very popular and well-organised course in Economics continuously for 13 years, and has also been Forum

Coordinator for many years, sourcing over that time a vast number of interesting guest speakers whose lecture topics have had a wide appeal to members.

John has many other interests and commitments, including being a tour guide on occasional overseas trips. However, he will continue as tutor of our Economics course, a role he describes as 'pure pleasure', and which comes naturally after his long career in teaching the subject at Melbourne Grammar School.

Women in the Bible: Tricksters, Victors and (M)others

The Bible has had a formative influence on western civilisation, and despite modern secular society, the religious, political and cultural impact of the Bible endures.

Biblical narratives and characters retain their resonance in popular culture, particularly shaping our ideas about women, femininity and gender.

Through artworks and ritual objects, this exhibition will explore interpretations of women in the Bible throughout history.

CONTINUING SUCCESS WITH GRANT APPLICATIONS:

We continue to build on our success in obtaining grants to support the mission of U3A Melbourne City. An application under the Volunteer Grants Scheme provided by the Commonwealth Department of Housing, Community Services and Indigenous Affairs for \$3,300 was approved in December. The Volunteer Grants are part of the Government's ongoing commitment to support volunteers and build an inclusive Australia by encouraging community participation. The grants, which are for small equipment items, help to ease the pressure on non-profit organisations and their volunteers. The grant will be used to augment our audio-visual classroom equipment to support our volunteer tutors.

Probus

The Probus Club of Melbourne North would like to increase their membership in 2010. Founded in the UK in 1965, and with the first club being formed in Australia in 1979, the aim of Probos is to promote the development of friendships and provision of intellectual interests of its members. The members of Probos are active, either mentally or physically, retired or semi-retired people, looking to get together and enjoy activities with those who are likeminded.

A spot of colour

Our newsletter is printed black on white for cost reasons. However, now many members receive it online, where colour shows up. To enhance the visual experience for them and for people seeing it on our website, photos and other images are now being retained in colour, rather than converted to grey scale for printing. This may mean some loss of quality in the hard copy. To see the full colour version, go to our website www.u3amelbcity.org.au and click on *Newsletter*.

FAQs

Answers to frequently asked questions at this time of year

- Q** Am I too late to apply for a 2010 yearlong course? **A** Yes. Applications closed on 8th January, places were allocated last week and applicants advised. However, some courses have vacancies which are advertised below.
-
- Q** Were the applications dealt with in date order? **A** The applications were date-stamped when they arrived, but there are other factors in allocating places. We try to give everyone at least one first preference. If you miss out on others, you go on the waiting lists.
-
- Q** After the January allocation of yearlong course places is done, can members apply later for vacant places? **A** Yes. After the allocations have been completed, members can enquire about vacancies and be enrolled (or put on waiting lists) by simply telephoning or visiting the office. No form-filling necessary. Course vacancies are advertised in each two-monthly newsletter.
-
- Q** Suppose I didn't get what I wanted and have paid my membership for nothing? **A** Your membership carries other benefits, such as the chance to join any number of short courses throughout the year. Around 50 of these will be offered in 2010 and you just need to ring up when you see them advertised in the newsletter. Other activities offered include four lunch forums with speakers, and a range of social events.
-
- Q** Could I get a refund? **A** Probably not, because your subscription is for membership. Courses are free! You would need to present exceptional circumstances to the committee of management.
-
- Q** Why didn't I receive a receipt for my membership payment? **A** If you sent your membership fee along with your yearlong course application form, you will receive your receipt and membership card along with the course enrolment advice that will be sent to you in February – using the stamped self-addressed envelope that you sent us.
